PUBLIC SERVICE
ANNOUNCEMENT
TO BOIL WATER!

Due to a major water repair, the PWS City of Crystal City ID# 254001 is notifying citizens of the need to boil water prior to consumption.

To ensure destruction of all harmful bacteria and other microbes, water for drinking and cooking and making ice should be boiled and cooled prior to use. The water should be brought to a vigorous, rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source.

When it is no longer necessary to boil the water, the water system official will notify you that the water is safe for consumption. Instruction to discontinue boiling will be issued in the same manner as this notice.

If you have any questions concerning this matter, you water contact Water Official, Carlos Ramirez, at (830) 374-3477 or Call City Hall at the same number.
