**PUBLIC SERVICE
ANNOUNCEMENT**

TO BOIL WATER HAS BEEN RESCINDED!

After major water repair on 5/18/2016 a Boil Notice was issued by the City of Crystal City PWS to inform our customers that due to the presence of contaminants or an interruption in service, water from our system must be boiled prior to consumption. The PWS City of Crystal City ID# 254001 is notifying citizens that we are **rescinding the need to boil water prior to consumption** as of **8:30 am** today, **5/20/2016**. The need to boil water is no longer necessary as we have received the results from the lab and they are negative. Our system has taken necessary corrective actions to restore adequate pressure, disinfect levels and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of 5/20/2016. The water has been cleared and safe for consumption according to Carlos Ramirez our Water Waste Superintendent.

If you have any questions concerning this matter, you can contact Water Waste Superintendent, Carlos Ramirez, at (830) 374-3477 or call City Hall at the same number.
